

### PreFect 100 - 100% Solids Epoxy Floor Coating

- Lower viscosity than most 100% solid systems
- Outstanding solvent and chemical resistance
- Medium film build—Apply up to 16 mils
- 45 minute pot life
- High Gloss – 95° +
- Outstanding Depth of Image
- Easy to apply – Notched squeegee followed by spike rolling
- Extremely resistant to air/gas entrapment, when properly sealed with MoistSeal.
- Extremely resistant to humidity and amine blushing

### PreFect 40— 40% Solids Water-Based Epoxy Floor Coating

- Available in Quick Turn Color system
- Medium to High gloss finish
- Roller applied
- Pot life of 3 hours
- Ideally used for medium duty warehouse environments and garage floors

### MoistSeal Sealer & Topcoat—Deep Penetrating Clear Water-Based Epoxy

- Excellent appearance
- Increase Tensile Hardness of concrete
- Excellent primer under PreFect 100, PreFect 40 and MorningStar.
- Etch & Seal in the same day—use tomorrow.
- Can be applied to green concrete
- Ideal sealer over Acid Stains

### MorningStar— Pigmented Water-Based Urethane

- Outstanding abrasion resistance
- Excellent Gloss
- 3 Hour Pot Life
- Very low Odor
- Suitable for warehouse floors to garage floors
- Available in Quick Turn Color System
- Custom colors available
